

Oscar Vásquez Butler

Democrat for State Senator

Dear Neighbor,

I'm running to be your State Senator in District 36.

I would like to share with you some of the reasons that led me to decide to seek this position. Today, New Mexico is facing unprecedented challenges. I believe we need a fresh approach and new ideas to meet and succeed in meeting those challenges and move our state, our region, and our county strongly into the future. I believe I have the experience and background to get the job done. In taking on this campaign and this candidacy I am not running against anyone. I am running to represent the voices of all of our diverse communities in the State Senate.

I strongly believe I can best represent those communities as your representative in Santa Fe. I have a proven history of effective leadership in delivering much-needed service to every part our county, and have long worked to bring different voices together. As Chair of the County Commission I successfully brought many local communities together toward common goals. I have also stood up for those who have all too frequently had no voice. I am proud to have organized for César Chávez. I have a proven comitment to civil rights, have worked for inclusion, and a belief in the dignity of all, I will always stand by my convictions to help those most in need. As a Commissioner I brought much needed infrastructure and fair services to every community in out county including the colonias.

We need new leadership for our state, and I believe I am the person who can provide that leadership. I will take the same vision, energy and optimism that was so successful here in Doña Ana County to Santa Fe. I am asking you to join me, and hope I can count on your support in the coming election.

**A HISTORY OF WORKING
FOR OUR COMMUNITIES**

**PROVEN LEADERSHIP
FOR NEW MEXICO'S FUTURE**

The tough work to fix New Mexico isn't getting done. We need to embrace the future with energy, with new ideas and optimism. Oscar Vásquez Butler has the background to be an effective voice for us in Santa Fe. As head of the County Commission he brought economic development to our region and worked to repair our neglected infrastructure. This year we can build on the best of our past and, working together, move New Mexico forward.
