Subject: Proposal from Martinez Campaign

Oren,

With so much at stake, Susana Martinez believes that New Mexicans deserve a substantive debate about the most important issues confronting our state and voters have earned the opportunity to review and analyze the visions and plans each candidate offers.

Unfortunately, your campaign began attacking Susana the day after the primary election concluded with a negative ad, which has been proven to be false. We are setting the record straight on the crime issue and will never allow false attacks to go unanswered. But, we believe voters deserve an opportunity to hear from each candidate concerning their visions and we propose that both campaigns commit to only positive advertising through at least the end of July. There will be plenty of time to have a healthy debate about the differences between the candidates this fall.

We ask that you give serious consideration to this proposal. I look forward to your response, so we can change the tone of this campaign. Following this agreement, I look forward to meeting with you to build a mutually agreeable general election debate schedule.

Respectfully,

Adam Deguire
