**New Mexico schools should not be failing our children.**

# As our State Representative, Carl Trujillo will make education a top priority.

It's no secret that New Mexico's schools have not lived up to our expectations. As our State Representative, Carl Trujillo will lead efforts to improve our public school system with common sense and innovative ideas.

## Committed to Education

Carl Trujillo comes from a long history of educators. In fact, James H. Rodriguez Elementary School in Española is named after his grandfather. As a father of four, Carl Trujillo is committed to improving our public schools—for his children and ours. He will work with our public school system to ensure our children are properly educated, classrooms are sufficiently funded and our schools have the tools and resources they need.

## Improving Early Education

Carl Trujillo knows that reading is the foundation of an early education. He is a strong supporter of programs to improve childhood literacy that promote early reading. He will make early education improvements a centerpiece at his efforts to improve education in our schools.

## Empowering Parents and Teachers

Carl Trujillo knows the best results come when both parents and teachers are involved in children's education. He will work to strengthen the role of parents in their children's education and give teachers the support and help they need.

**Carl Trujillo**  
for State Representative  
Committed to Excellence  
in our Schools.
