Q - Should New Mexico give driver's licenses to illegal immigrants?

Senator

John Sapien voted **YES**

Thanks to John Sapien, New Mexico is one of only two states in the entire country that gives driver's licenses to illegal immigrants.

This dangerous law not only attracts illegal immigrants to New Mexico, it has also made our state a destination for human trafficking. Criminals are trafficking illegal immigrants to New Mexico from around the world, charging thousands of dollars to help them get a New Mexico driver's license.¹

When New Mexicans tried to stop this by repealing the law, John Sapien blocked them and voted to continue giving driver's licenses to illegal immigrants.

Representative

David Doyle said **NO**

David Doyle strongly opposes the dangerous law that gives New Mexico driver's licenses to illegal immigrants.

He understands how wrongheaded and dangerous it is to attract criminals and human traffickers to our state. We shouldn't put ideology in front of public safety. Changing the law will make New Mexico safer.

That's why David Doyle voted to repeal the law that gives driver's licenses to illegal immigrants. He will keep fighting to repeal it in the State Senate.

Call David Doyle at 505-986-4300 and thank him for protecting New Mexico.
