Dennis Montoya has a documented record of unethical behavior

The *Albuquerque Journal* recently reported that Dennis Montoya “has run afoul of several judges in federal court, where he has been sanctioned, fined, and had his legal ethics and competency as a lawyer questioned.” — *Albuquerque Journal* 3/21/2010

Judge Linda Vanzi exposed Dennis Montoya's misdeeds

In 2007 in Judge Linda Vanzi's court, Dennis Montoya was the lawyer for an eight year old boy whose father was killed in a car accident. Montoya lied to Judge Vanzi. Because of Montoya the boy did not receive hundreds of thousands of settlement dollars owed to him while Montoya got over \$250,000 in fees for himself. Judge Vanzi brought Montoya's actions to the attention of state authorities.

Prompted by Judge Vanzi, the State Disciplinary Board is investigating Dennis Montoya

Because of Judge Vanzi's concerns, the Disciplinary Board of the New Mexico Supreme Court is now investigating Dennis Montoya. And now, Dennis Montoya has decided to run against Judge Vanzi for judge.

**This case is clear:
