

# Sheriff Darren White

Dear Friend:

**I am writing today to ask you to join me in supporting Republican Susana Martinez for Governor.** It's critical that we unite behind the strongest candidate who shares our conservative values and can defeat the liberals in November.

There is too much at stake for us to sit on the sidelines. ***The time to act is now.***

**We must get behind the strongest Republican candidate today.**

Susana Martinez has been elected District Attorney four times in Dona Ana County – a county where Republicans are outnumbered nearly 3 to 1. Martinez is the only candidate with a proven track record defeating Democrats in tough races.

But she's more than just a skilled campaigner. Susana Martinez shares our conservative values and is rock-solid on the issues.

Martinez is deeply committed to less government and lower taxes. She is pro-life, strongly supports the 2<sup>nd</sup> Amendment and will fight to reinstate the death penalty.

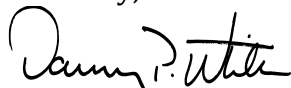

**But there is more to the story...there's real depth and authenticity to Susana that make her an exceptional person who New Mexicans will be proud to call Governor.**

This is a woman who has made pursuing justice for the innocent her life's mission. She personally prosecutes some of the toughest cases around...cases against child killers, rapists, and even powerful and corrupt public officials. **She fights for what's right and backs down to no one.**

As someone in law enforcement, I can tell you that it takes a special kind of person willing to take on these fights day in and day out. It shows a special kind of character – that of a true servant. It's why Susana is exactly the kind of person we need as our next Governor.

**Susana Martinez is the real deal.** Please join me in generously supporting her campaign and let's come together to take back New Mexico.

Sincerely,

Darren White
