Course Numbers
The University uses a four-digit numbering system for all courses. The first digit indicates the level of the course: 1 for freshmen courses, 2 for sophomore courses, 3 for junior courses and 4 for senior courses; 5 and 6 indicate graduate courses, and 7 indicates doctoral courses. The second digit indicates the semester-hour value of the course. The last two digits indicate the location of the course in the departmental sequence. English 2310, for example, is a sophomore-level course with a value of three semester hours.

The first four digits in course number represent individual courses. When a fifth digit is used, it represents an area of concentration within a more general course and is intended to provide a more accurate transcript of a student's work in a course.

Repeated Courses
The notation **E (Exclude)** is listed on the first course taken and indicates that the course was repeated at a later date. The grade with this notation has been removed from the GPA calculations.

The notation **I (Include)** is listed on any consecutive course taken and the grade with this notation is included in the GPA calculations.

Academic Standing

Anyone who has worked with me, will tell you that my passion for education expanding educational opportunities for all children is evident in my thoughts and actions. To Whom It May Concern:

It is with pleasure that I write this letter of recommendation for Dr. Greg Rodriguez. Greg has clearly illustrated leadership qualities and a work ethic that are necessary for educational leadership. I believe Greg's qualities, as fortified with evidence provided below, make Dr. Rodriguez a well-qualified candidate for educational administration and leadership.

Over the past three years I have become familiar with Greg's leadership and his work ethic. Greg is currently the Deputy Superintendent for the Huntsville Independent School District. Greg brings with him years of K-12 educational experience. Greg served previously as a teacher and central office administrator in rural and urban school districts. Thus, he has expertise with the K-12 settings, the communities, teachers, administrators, and students. More importantly, Greg is very knowledgeable of curriculum, instruction and assessment.

Greg's resume lists a number of skills. I can attest to a number of these skills. Chief among these skills are his ability to communicate with people and to plan and coordinate events. Such events included highly interactive strategic design community events. These event included K-12 students, teachers and administrators and community members. In sum, Greg is able to multi-task and meet the numerous deadlines inherent in school leadership.

As an experienced educator, Greg has insightful understanding of the political, social, cultural, and economic issues that surround schools, he is able to think through alternative steps and programs in refreshing and creative ways. Greg is person that will solicit and support a collaborative team model- a professional learning community- with his work as a school system leader. When problem solving and program building, the our district considers Greg a collaborative colleague not a lone-wolf authority figure; a resource not an impediment; and a critical sounding board with unflappable beliefs about educating youth not an unconcerned, agitated bureaucrat.

I am pleased to inform you that Dr. Greg Rodriguez has all the knowledge, performance, and dispositional qualities necessary to provide leadership for our schools. Greg's energy, cultural and political understanding, breadth of knowledge, and practical expertise are admirable qualities that exemplify the best in today's and tomorrow's educational leaders. Please do not hesitate to contact me if further reference is required.

Sincerely,

Superintendent of Education
Huntsville Independent School District

Dear Selection Committee:

I gladly write this letter of recommendation for Greg Rodriguez for Superintendent of Schools. I first met Dr. Greg Rodriguez while in his studies as a PhD student in the School Improvement program at Texas State University in San Marcos, TX and while he served as the Grant Coordinator for the Teaching Residency Program for Critical Shortage areas (TRP-CSA). Greg led and was an integral part of a team that established the infrastructure for this start up program, a 6 million dollar initiative funded by the United States Department of Education. This experience allowed Greg to use his understanding of educational leadership theory and blend it with practice.

A superintendency and opportunity to lead a school district, will allow Dr. Rodriguez to share his passion and visionary leadership. He is a true learner that will contribute immensely to any learning community. He is comfortable with leading change that benefits the communities he serves. His exposure to diverse groups of students, parents, and staff has prepared him to work with multiple constituencies.

Any school system that welcomes Dr. Greg Rodriguez will benefit from his leadership, but he will also certainly contribute to his learning as well. I support Greg in his roles as leader, scholar, teacher, researcher, and advocate.

To Whom It May Concern:

Without hesitation, I endorse Dr. Greg Rodriguez for the position of Superintendent.

I have known Greg for over six years. He was a doctoral student in several of my classes and I served on his dissertation committee. His academic work is exemplarily. In particular, his writing is well organized and focused.

In addition, Greg is excellent when working with people. In the Fall 2011 semester, he stepped in as a doctoral teaching assistant in our course on Leadership and Organizational Change. He worked well with the students and was well liked and respected by his peers. His preparation and teaching skills are excellent. He truly understands andragogy and the needs of adults.

Greg, I expect, will be excellent at leading and building vision, tasks closely associated with this position. If you have specific questions, I will be more than happy to answer them.
