RE: Behavioral Health Investigation

Dear Honorable Members of the Legislature:

My office, in collaboration with auditing firm RSM, has completed its investigation of the final two behavioral health providers, Pathways and TeamBuilders. As with the previous ten investigations, although the investigation identified some regulatory violations, we were unable to substantiate a deliberate or intentional pattern of fraud. These investigations will now be forwarded to HSD for any administrative action they deem appropriate. All investigations are available on the website of the Office of the Attorney General at <http://www.nmag.gov/2013-behavioral-health-audit.aspx>.

My interest in releasing the behavioral health audit and completing these investigations has been to provide the public with a fully transparent and thorough review of all providers, while mitigating the harmful impact caused by the disruption of services to vulnerable New Mexicans.

Please do not hesitate to contact my Office should you have any questions or concerns.

Sincerely,

A handwritten signature in blue ink, appearing to read "Hector Balderas".

Hector Balderas
